

Asset Use Rates for Fiscal Year 2027

All rates are for within-institute use, no outside rentals are available.

For questions please contact: EIH@uhcl.edu or 281-283-3950

Asset Use Rate calculations include considerations for depreciation, replacement, and maintenance. These rates do not include fuel expenses; fuel costs are charged separately as actual cost(s). Internal rates are used when Indirect Costs (IDC) are applied; external rates are used when IDC charges are not applied. Vehicle use rates are charged on a per mile basis and may differ from current [U.S. General Services Administration \(GSA\) per diem](#). Use rates for vessels and other assets are charged daily.
